Join us for a pleasant and highly practical two hours of professional development where you can maximise the educational outcomes of bringing your students on a visit to, or teaching about, Christie Walk and urban sustainability in the classroom.'

(Christie Walk, in the heart of Adelaide's CBD, is the internationally acclaimed eco-development which attracts more than 1500 students each year. It is a model for community living)

Experienced tour guides and qualified teachers have spent years welcoming primary and secondary school students to Christie Walk. Now we've decided to create an opportunity just for teachers.

BENEFITS OF ATTENDING

- A mini tour of Christie Walk including the roof garden and a straw-bale home.
- A free DVD/CDrom - the DVD includes a virtual site tour and the CDrom provides ideas and activities, and also photos about the design and construction of Christie Walk - perfect for engaging students doing design/building related assignments. The CD includes the e-book ***'Moving Towards Urban Sustainability'*** which has many practical activities such as *Understanding & Reading Electricity Accounts, Home Energy Use Quiz, Assessing Home Building Design, How Much Water do we use?*
- Become aware of how the learning associated with the features of Christie Walk match with the sustainability objectives of the new Australian Curriculum
- Smart Board Resource Recommendations: receive a list of recommended YouTube clips and Websites - great for following up on the interests of students
- See how other teachers have made use of their visit and how you can adopt/adapt their ideas.
- Enjoy having time to plan and collaborate with other teachers
